

ATLAS^{RAD}

SMOOTH TABLETOP DESIGN - AN INDUSTRY MUST

*Shown with Optional
Patient Handles

- Hospital Grade Radiographic Table
- Space Saving Compact Design
- Elevating and Four-Way Floating Tabletop
- Durable and Reliable Design
- Solid Steel Scissor Lift - 3/4" Thick
- Durable Powder Coated Surfaces
- Priced for Maximum Investment Return
- 650 or 765 lbs. Capacity Configurations
- Smooth, Flat Tabletop For Patient Comfort
- Aircraft Aluminum & Steel Construction
- Ball Bearing, Linear Bearing & Bronze Bushing Motion Components
- Custom Hospital Grade Low Voltage Actuator - Expected 60,000 Cycle Life
- Slide Out PC Board For Easy Service & Installation

Can be configured, optionally, to command a motorized OTS to automatically maintain a 40" SID

The atlas elevating 6-way table is designed as a "stand alone" system, consisting of plug-in cables and a single board interface compatible with all standard x-ray equipment.

The tabletop electromagnetic locks are released by applying pressure to pedals located at front of the table.

The table height is adjustable to accommodate ambulatory, wheel chair, or gurney patients. Easier transfer is accomplished for both patient and operator.

With the atlas table, the operator can elevate and accurately position very heavy patients.

The vertical movement is motorized and controlled by applying pressure to the foot pedals.

In unique applications, the foot pedal controls can be configured to function only when an auxiliary button is depressed.

Tabletop:	84 " x 30.25" *optional 85" x 34"
Tabletop Height (motor driven with standard anti-collision feature):	23" to 34"
Side Clearance:	17"
Front & Rear Clearance:	5"
Cassette Holder Travel:	20"
Table Pedestal Length:	50.75"
Table Pedestal Width:	28.37"

Electrical requirements: 115VAC, 50/60 Hz, 10 Amps
(220 VAC Optional)

Maximum Patient Weight: 650 or 765 lbs.
Transportation Weight: 620 lbs.
Compliance: CDR21CFR, Chapter 1, Subchapter J.

Options

Continuos SID Interface
Carbon Fiber Tabletop
Ion Chamber
Secondary Switch, Foot Pedal Safety
Bucky' s, Grids & Cassettes

CR - Computed Radiography Solutions
DR - Digital Radiography Solutions

BARIATRIC MAGNET BOOSTER for extra-strong table-top retention when loading patients.

ATLAS 6-WAY TABLE CONFIGURATION

Atlas tables will accept cassettes, CR or DR solutions.
