Specification

“flora” (Model No.: 08-000) 14” x 17”
“orion” (Model No.: 08-100) 14” x 36”

- PC Board Interface for Tube Stand/Crane Tracking
- PC Board Interface for Ion Chamber & Bucky
- Accepts Bucky with Dimensions 22.50” Width, 23.00” Depth & 2.70” Height
- Electrical Requirements: 24 VDC, 50/60 Hz, 1.5 Amps

CoRE labs Bucky stands are manufactured to the same quality level as our tube stands and tables.

“flora” & “orion” are fully counterbalanced units and use electronic positive locks (for patient & technician safety in the event of power failure). Both will accommodate Bucky’s, grids and trays from various manufacturers.

Fine adjustment counterweight systems are included.

Finished with durable powder coated surfaces and bright nickel hardware, to give long-lasting, professional appearance - True Hospital Grade.

Top View With Cover Removed

Shown above, CoRE labs wall stands feature seamless columns for extreme rigidity. These columns contain hardened, serviceable, bearing races for limitless life -- our wall stands are designed to last decades. The mechanical system contains potentiometer height electronics for accurate vertical position feedback to a CoRE labs OTS or FMTS. Counter weights are secured by twin, multi-stranded stainless steel cables.
